ASSIGN UTILITIES COMMITMENTS IN MUNITION POINTS

First Step in a Program of Expenditures Set at Billion Dollars

Washington, Oct. 28.—(AP)—Heads of a dozen leading utilities companies announced "definite commitments" today to place immediate orders for power generating equipment for 1,000,000 kilowatts.

They said it was the "first step" in a program of expenditures estimated at a billion dollars a year for the next two years.

Floyd L. Carlisle, of the Consolidated Edison Company of New York, said this would be approximately double the national outlays for the purpose in the last two years.

The commitments were given as a part of the administration's efforts to strengthen power facilities of the nation's strategic war material manufacturing centers.

Announcing of the program came from a session of the national Defense Power Committee headed by Louis Johnson, assistant secretary of war, which has been making a survey of power needs since early this year.

Government To Aid Financing
Carlisle, acting as spokesman for the group of utilities executives which met with the power committee, said "substantial" government financing was involved, but would not be in the form of grants.

The government, he said, would "do nothing more than lend money or buy securities, in the same manner as a bank."

The utilities executives said the new equipment for 1,000,000 kilowatts of generating capacity represented about one and one-third million horsepower equivalent to the total power produced by any two or three middle western or southeastern cities. New York City's generating capacity, they estimated, is about 2,900,000 horsepower.

Stressing that the commitments were "not the final step" Johnson indicated the administration hoped other utilities would agree shortly to enter the expansion program.

For War Preparedness

The areas directly affected by the projected construction are in part those in which the production of munitions and other war materials would be in great demand in event of hostilities, a war department announcement said.

Some of them were listed as Baltimore-Washington, Birmingham, Boston, Bridgeport, Buffalo-Niagara Falls, Chicago, Cincinnati, Cleveland, Detroit, New York, Philadelphia, Pittsburgh, Rochester, St. Louis and Schenectady.

"It is understood that for war, or other emergency purposes, the government shall have first call upon the facilities of the industry, both public and private and that in peace time they will be coordinated for the purpose of making them quickly available," the war department said.

Fireman Swings From Rope to Save Patient

New York, Oct. 28.—(AP)—A fireman swinging precariously at the end of a rope today held Marie Clamen, 35-year-old patient at the Regent Nursing home, by the legs for 20 minutes while other firemen cut through a fourth floor casement window to pull her to safety.

Somehow the woman had become wedged in the window. The fireman, Charles Pessoni, who was lowered from the roof, swung in position near her as she slowly slipped out of the narrow aperture.

Officials of the home said the woman had been a patient there for about a month. They learned of her plight through her frantic screams.

Invention Shown for Relief of Car Snoozers

Chicago, Oct. 28.—(AP)—Have you ever dozed in your automobile while the little woman was shopping, and awakened with a kink in the neck that took three days to unwind?

An invention exhibited today at the National Inventors Congress headquarters by Garritt L. McClellan of Cincinnati was designed for relief of such snoozers.

McClellan says, it can be used by the fellow who sneaks a little nap in the office and doesn't want to get a stiff neck that might betray him to the boss.

The invention is a head support made of aluminum, lined with soft rubber. It fits snugly around the neck like a collar, has adjustable braces and McClellan claims it enables one to sleep comfortably in a sitting position.

Carl Did It Mankato, Minn., Oct. 28.—(AP)—For three months Sheriff Frank Cords has been wondering who stole Lewis Hendricks' chickens.

Then he got a clue. Hendricks brought in a squab from his farm with the answer scratched on its side: "Carl stole the chickens."

Only—Cords doesn't know who Carl is, or who wrote the message.

NAZI PRESS SAYS AMERICA IMPEDES EUROPE'S EFFORTS

Berlin, Oct. 28.—(AP)—The German Foreign Office mouthpiece Deutsche Diplomatsch-Politische Korrespondenz, today accused the United States of being "an encumbrance to European conciliation efforts" since the Peace of Munich.

In a bitter attack on "American meddling in European affairs," the publication said "it already has gone so far that authorized English sources have found it necessary, in the face of American objection, to justify the conduct of western European powers."

The attack apparently was prompted by President Roosevelt's Wednesday night address against "peace by fear." The Nazi press has treated the speech with derision.

"It appears more and more the intention (in America) to lay down the law to European countries on how a state of peace is possible for them and how it is not possible," the publication declared.

"It is time America remembers she is a daughter of Europe who physically and culturally took with her a sizeable dowry from the Old World."

"Much less is it the New World's task to set people in countries from which it sprang against each other and by groundless suspicions throw them once more into enmity, x x x."

It concluded with this statement: "American meddling in European affairs to the degree it has reached today begins now to be irksome, all the more so because it in fact appears to go so far as to be an encumbrance to the European conciliation policy."

FORMER NEW YORK ASSEMBLYMAN HELD ON RACKET CHARGE

New York, Oct. 28.—(AP)—Former State Assemblyman Jacob P. Nathanson, 37, was arrested today on the way to his law office and charged with grand larceny, subornation of perjury and forgery in connection with a Brooklyn bail bond racket.

Taken to police headquarters for fingerprinting, Nathanson was quoted by police as saying: "If I'm convicted, I'll blow the lid off this bail bond business."

The former Democratic assemblyman yesterday was called before the grand jury investigating alleged bail bond frauds but was not questioned when he refused to waive immunity.

Nathanson appeared before Supreme Court Justice Algonern I. Nova last July and asked him to accept a \$15,000 bond for a client, Albert Fitzgerald, who was awaiting sentence as a violator of the anti-gun law.

A signature on the bond was found subsequently to have been forged.

SCREEN ACTOR DIES

Hollywood, Oct. 28.—(AP)—Fred Koehler, 57, veteran screen character actor who played villains in countless westerns, died in his apartment today of heart disease. His son, Fred, Jr., also an actor, said his father apparently died in his sleep.

Koehler entered films 20 years ago after many years with road shows and stock companies. His widow, Marjorie, also survives.

Persons Cured of Insanity Press Their Campaign for Normal Place in Society

Chicago, Oct. 28.—(AP)—A group of persons cured of insanity pressed their campaign today for a normal place in society after a unique public meeting at which their objectives were outlined.

The fight to erase the stigma unjustifiably attached to such persons was undertaken by former patients of the University of Illinois psychiatric institute.

Last night they opened their public campaign with speeches and discussions before more than 400 persons, including representatives of civic organizations, friends and relatives. The meeting was sponsored by the psychiatric institute and the State Department of Public Welfare.

JAPANESE WARN FRENCH AGAINST HELPING CHINESE

Reply to U. S. Note is Expected From the Nipponese Soon

Tokyo, Oct. 28.—(AP)—A foreign office statement today said Premier Prince Konohe had warned France that Japan "might be compelled to take measures" if the French continue to supply China with arms.

It was believed this meant possible Japanese occupation of Hainan Island, just off the South China coast, one of the points of the French sphere of influence and a strategic dagger aimed at the heart of the vast French Oriental possessions.

Yotaro Sugimura, Japanese ambassador to Paris, protested in Paris and, the statement today said, Premier Konohe told French Ambassador Charles Arsene Henry that Japan was "gravely concerned with a possible development in the situation."

The newspaper Asahi meanwhile declared the Japanese government considered "unsuitable" American insistence on a continued open door to trade in China.

A new situation existed in the Far East because of Japanese advances in China, said the large independent-liberal newspaper. It predicted Japan would seek to induce the United States government to accept this thesis.

A 3,000-word protest against "unwarranted interference" with American rights in China, made public in Washington yesterday, was not published here but Asahi, nevertheless, dealt with the subject of the open door policy generally.

The foreign office spokesman said the date of replying to the United States note, presented October 6 by Ambassador Joseph C. Grew, was indefinite but belief grew here the reply would be soon.

"Must Modify Pact"

Another authoritative spokesman agreed with the newspaper's intimation the nine-power pact "must be modified in consideration of the greatly changed situation in China" since the fall of Hankow and Canton. (The Nine-Power pact on respect for the territorial integrity of China includes as signatories China, Japan, the United States, Great Britain, France, Italy, Belgium, the Netherlands and Portugal.)

Imperial headquarters in a new statement on damage by Japanese bombs to the British gunboat Sandpiper at Changsha Monday denied the damage was deliberate.

"UNITED CHINA"

Hongkong, Oct. 28.—(AP)—A Central News Agency (Chinese) dispatch from Chungking today said Generalissimo Chiang Kai-shek had declared "China would fight on and that a decisive battle between a United China and the Japanese armies would be fought west of the present area of Japanese conquest."

The dispatch quoted a telegram sent by the Chinese leader—presumably from new headquarters somewhere west of fallen Hankow—to the People's Central Political Council at Chungking, provisional capital.

General Chiang's telegram reaffirmed China's decision to continue resistance until ultimate victory is achieved. It discounted the loss of Canton and Hankow.

It said the "decisive battle" would be fought west of the Canton-Hankow and Peiping-Hankow railways—both partially in Japan's possession—according to a carefully-prepared Chinese plan.

MARRIAGE LICENSE

A marriage license has been issued in Clinton, Iowa to Charles F. Ware and Alice V. Gimble, both of Mount Morris, Ill.

cedure in committing mental patients to public hospitals was announced as a major objective of the organized group. Open court files, the former patients contended, contain records of their affliction long after they have been cured.

Two former patients, one a business man, the other an attractive woman, were among those who spoke at the meeting. The business man said he remained an exile from his home town because of the stigma he felt was attached to him.

The woman speaker said many persons suffer financial ruin by going to costly private sanatoria for treatment rather than risk the publicity of a court commitment to a public institution.

CONTINUES TO IMPROVE

Master Tommy Van Nuys, 9 year old son of Mr. and Mrs. George Van Nuys, who has been critically ill at the Katherine Shaw Betha hospital for several days, was reported to be showing continued improvement today.

VANDALS DAMAGE CARS

Owners of two road houses west of Dixon on the Lincoln Highway late last night complained to the police of the depredations of pre-Halloween celebrants. The wiring on cars of patrons at the two places had been torn loose and the machines could not be started.

TO MOVE CITY BUILDING

Contractor George Huntzinger of Davenport, Iowa, was in Dixon yesterday afternoon and met with Mayor William Slothower and City Clerk Wayne C. Smith, to complete contracts for the moving of the city rest room building. The contractor notified the city officials that he would begin operations the first of next week.

TO CONRAD FUNERAL

Dr. and Mrs. Charles LeSage, Mrs. John Wishart, Mr. and Mrs. Frank Buckley and Mr. and Mrs. L. E. Jacobson of Dixon, Mr. and Mrs. Miller C. Stitzel and Mrs. Earl Stitzel and daughter Dorothy of Nelson, will go to Chicago in the morning to attend the funeral of the late John Conrad, retired NorthWestern conductor, who passed away Wednesday evening after a long illness.

REPAIRING FLOOD DAMAGE

A force of workmen from the Shappert Engineering company have completed cleaning up the site where the material camp was located at the north end of the I. N. U. company's new dam. Work was started this morning in placing forms for the pouring of a new cement sidewalk along the north bank of the river which collapsed last spring when the river bank was undermined by the flood water of Rock river. The section of new concrete walk will extend from a point east of the dam to North Ottawa avenue.

TRAFFIC ACCIDENTS

Cars driven by Bement Cutright, 410 Madison avenue and O. W. Kreger, rural route 2, were damaged in a collision yesterday at the intersection of Fifth street and Hennepin avenue. The drivers escaped without injury.

This morning Edward Holbrook reported to the police that a motorcycle he was riding was struck by a car at the north approach to the Peoria avenue bridge. The driver of the car, according to the report, violated the city ordinance, entering traffic from the Lincoln Statue Drive on North Peoria avenue. The motorcycle rider was uninjured and the machine was only slightly damaged.

BICYCLE RIDER HURT

Donald Rossiter, 1021 North Galena avenue, suffered a severe head injury in an automobile accident at the intersection of North Galena avenue and Morgan street yesterday afternoon about 4:15. Donald was riding a bicycle and crashed into the rear of a car operated by Mrs. Frank Kness, which made a left turn onto Morgan street.

He was thrown from his bicycle to the paving by the impact, sustaining a severe head injury. The young man was taken to the police station where a physician was summoned to examine his injury and ordered his immediate removal to the Katherine Shaw Betha hospital. It was feared that he had sustained a skull fracture but reports from the hospital this morning indicated that he was resting comfortably and an x-ray examination was to be made later.

HAD COLD BATH

Chester L. Bush, 32 employee of the Shappert Engineering company on the new Galena avenue bridge, fell a distance of 25 feet into deep water of Rock river last evening, then climbed out, and suffered no ill effects. The accident happened about 6:30 while one of the shifts was engaged in pouring concrete into pier No. 5.

Bush was attempting to close the lock on a steel concrete bucket which had just been emptied into

It's an Ill Wind

Kalamath Falls, Ore., Oct. 28.—(AP)—The Merrill high school football team let its game with Marlin high blow right out of its hands.

A Merrill punter stood on his goal line and kicked into a gale. The wind blew the ball back into the end zone and the referee ruled it a safety for Marlin.

Final score, 2-0, Marlin.

PAROLED WOMAN CONVICT HELPS IN CLEARING MURDER

Information Leads to Arrest of Four Men in Georgia

Brunswick, Ga., Oct. 28.—(AP)—Police today credited a paroled woman convict with furnishing information which led to the arrest of the four men in connection with the eight-month-old mystery-slaying of Dr. Charles H. Lee, 71-year-old Episcopal clergyman.

Police Chief J. E. Register yesterday announced the arrest of two St. Simon's Island resort operators, Henry J. Cofer and W. H. Cofer, and two Negroes, identified as George Cleyburn and Willie Green.

Last night, Chief of Police Ben T. Watkins, of Macon, credited by Glynn county officials with playing an important part in the investigation, said Mrs. Carrie Stevens, who with her husband, H. Grady Stevens, was sentenced on robbery counts shortly after Dr. Lee was shot, had supplied the needed lead.

Casual Remark

Mrs. Stevens, Watkins said, in a casual remark to relatives while she was seeking a parole, told of observing as an innocent spectator one of the Cofer brothers pay a Negro \$150 the night Dr. Lee was shot.

Officers questioned her further about the case and she was paroled October 12. Her husband, Chief Watkins said, is still in prison.

Chief Watkins said Dr. Lee went before the Glynn county (Brunswick) grand jury about ten days before his death with a demand for an investigation of gambling and vice on St. Simon's Island.

Watkins reported one of the Cofer brothers was heard to say "We've got to get rid of that preacher."

Chief Register in announcing the four arrests yesterday said one of the Negroes, George Cleyburn, made an oral confession implicating the white men, and naming the other Negro, Willie Green, as the actual slayer.

Gloom and Grouch are To Be Hung in Effigy

Mr. Gloom and Mrs. Grouch, who are to be hanged in effigy Monday evening as a feature of the annual Halloween program, were scheduled to appear in the business district this evening, to be subjected to the scornful glances of the citizens. Their departure from the vicinity of Dixon will be publicly celebrated Monday evening following the parade of children through the business district.

The committee in charge of the program has requested members of Dixon post, No. 12, American Legion to wear their Legion caps Monday evening and to serve as special police.

The huge bonfire which is in charge of Enos Keithley will be another feature of the evening, further announcement of which will be made later. The committee has requested that those participating in the parade bring a box or crate to be used in building the bonfire.

ELECTION DRIVES PUSH ON IN FINAL CAMPAIGN PERIOD

Star Orators Are Being Rushed North, East and West

Washington, Oct. 28.—(AP)—Democratic and Republican headquarters are rushing their star orators north, east and west for a rousing finish to the congressional election campaign.

Little more than a week remains before millions of voters will choose 35 senators and 432 house members, but the closing rallies will have as much red fire and pointing-with-pride as all the political gatherings of the previous month.

Only in the south, where few Democrats have opposition, were the public platforms fairly free of candidates.

Climax of Democrats.

The climax of the Democratic campaign will take place next Friday night when President Roosevelt will deliver a radio speech from Hyde Park, N. Y. His address is expected to be primarily in behalf of the New York Democratic ticket.

Republicans have marshalled a corps of speakers that includes both former President Hoover and Alfred M. Landon, presidential candidate in 1936.

Republican Chairman John Hamilton has finished a swing through Ohio, scene of heated senatorial and gubernatorial contests. He has scheduled several addresses in other states.

Wallace Very Active.

Most active among the Democratic cabinet speakers has been Secretary Wallace, whose program for bolstering farm prices has been the subject of Republican criticism in the farm states.

Democratic Chairman James A. Farley has devoted most of his attention recently to New York. Both parties consider a victory in that state's gubernatorial fight between Gov. Herbert Lehman and Thomas E. Dewey essential to 1940 prospects.

G. O. P. Prospects.

Republican spokesmen reviewing the general situation contended they had better than an even chance to win governorships in Iowa, Pennsylvania, Massachusetts, Ohio, Michigan, Minnesota, Colorado and Oregon.

They claimed at least even chances of victory in New York, Connecticut, Kansas and Rhode Island.

Democratic leaders not only disputed these predictions but expressed hope of defeating Republican governors in Maryland and California. They privately conceded the loss of perhaps 25 house seats, against Republicans claims of 75 to 80 additional seats.

NAZIS AND CZECHS SIGN ACCORD FOR RAILWAY CORRIDOR

Berlin, Oct. 28.—(AP)—Germany and Czechoslovakia, it was disclosed today, have signed an agreement whereby Germany is granted a "railroad corridor" across Czechoslovakia from Silesia to Austria without passport or customs control.

This will shorten the railway distance between northeastern Germany and southeastern Germany—which almost enclose dwindling Czechoslovakia—by 360 miles.

This service will begin Oct. 31, when international railway traffic across Czechoslovakia from more than 50 border points will be resumed for the first time since the Czechoslovaks interrupted service during the September war scare.

Passengers and freight trains will be run through the "corridor" much as German trains now cross Poland's Pomerania district to east Prussia. They will not halt on Czechoslovak soil.

The agreement was hailed here as another step toward closer economic collaboration between Germany and Czechoslovakia.

Hungary and Czechoslovakia Appear to Be on Way to a Settlement of Dispute

Budapest, Oct. 28.—(AP)—Hungary and Czechoslovakia appeared today to be on the way to a peaceful settlement of their long-standing and often-threatening territorial dispute.

The Budapest government in a new note last night accepted the Czechoslovak offer to cede to Hungary about 3,860 square miles of land with predominantly-Hungarian population.

Hungary also agreed that military experts should meet immediately to organize Czech evacuation and Hungarian occupation of the area and that a German-Italian arbitration commission should deal with eight disputed districts.

GOP CANDIDATES ADDRESS VOTERS AT NELSON RALLY

The auditorium of the Nelson public school accommodated a large gathering from that locality last evening for one of the series of rallies being conducted by candidates on the county ticket of the Republican party in every township in Lee county. Music during the evening was furnished by the East Grove Ramblers and the Young Republicans' male quartet.

H. C. Warner, chairman of the county central Republican committee, presided, and introduced the candidates: Judge Grover W. Gehant, county judge; Gilbert P. Finch, sheriff; Sterling D. Schrock, county clerk; Ward T. Miller, county treasurer; John A. Torrains, Ashton, county superintendent of schools; George S. Brydia, Prophetstown, candidate for the legislature; Dennis J. Collins, DeKalb, candidate for reelection to the legislature; George C. Dixon, senator.

Representative Collins briefly discussed state politics while Senator Dixon spoke at some length on the subject of taxation. Chairman H. C. Warner closed the meeting by discussing briefly national issues.

The township meetings will continue until Nov. 5, the Saturday before election. This evening another meeting is being held in Ashton and Saturday evening several speakers will be presented at a program to be held at Paw Paw.

FAST WAR PLANE IS ARMY ANSWER TO RIVAL NATIONS

Washington, Oct. 28.—(AP)—A six-mile-a-minute war plane is the army's immediate answer to European rivalry for speed supremacy in the air.

A 360-mile flight in 61 minutes from Dayton, Ohio, to Buffalo, N. Y., yesterday by Lieut. Benjamin S. Kelsey lifted the wraps from a pursuit ship about which the air corps previously had little to say.

The plane, the Curtiss P-37, already has passed the experimental stage. An initial squadron of 13 ordered last December soon will be delivered, officials said.

The army intends to announce in a few days another and presumably even faster plane. Designated the P-40, it is an experimental job, and most details will not be disclosed for the present.

Lieutenant Kelsey's flight and earlier trials, which were kept secret, were made with full military equipment. Germany claimed some 380 miles an hour for its Messerschmitt, but reports here are that it was stripped for racing. Although Britain's Spitfire exceeded 400 miles an hour, it was aided by a 75-mile tailwind, American officials contended.

The new pursuit plane is an all-metal, low-winged monoplane, with single engine and single seat. Meanwhile, early today the navy's new \$1,000,000 experimental bomber successfully completed a 14-hour, non-stop flight from San Diego, Calif., to the naval air station here.

Dixon Woman's Sister Passed Away Yesterday

Mrs. Catherine Moore, aged 64, a sister of Mrs. Elizabeth Mahan of Dixon, passed away in Chicago Thursday morning, her death terminating a lingering illness. Mrs. Moore was born in Maytown, June 11, 1874. She is survived by five sisters, Mrs. Elizabeth Mahan of Dixon, Mrs. Anna Wymer and Mrs. Ella Weller of Chicago, Mrs. Emma Chamberlain of Maytown and Mrs. Mary Kline of Indianapolis, Ind., and three brothers, James and Peter McMahon of Maytown and Patrick McMahon of Chicago. Her husband preceded her in death five years ago.

Funeral services will be conducted from the Jones funeral home Saturday morning at 8:30 and from St. Patrick's Catholic church in Maytown at 9:30. Rev. Urban Halbmaier officiating. Interment will be in St. Patrick's cemetery at Maytown. The deceased is an aunt of State Motor-cyclist Officer Edward Mahan of this city.

NAZIS ROUND UP POLISH JEWS IN NATIONAL RAIDS

Estimate Law Applies to Between 4,000-6,000 Semitics

BULLETIN

Warsaw, Oct. 28.—(AP)—An authoritative source said tonight that "in all probability" German measures against Polish Jews would be withdrawn.

(Early today Polish Jews were rounded up throughout Germany and an informed source in Berlin said several thousand already had been thrust across the border.)

The authoritative informant here said the German government's action presumably resulted from "a misunderstanding" of Poland's new citizenship law requiring revalidation of all Polish passports held by residents abroad.

In official Polish quarters, however, no details concerning possible rescinding of German action could be obtained.

Berlin, Oct. 28.—(AP)—Authoritative informants said today Nazi authorities already had sent several thousand Polish Jews living in Germany back into Poland following a nation-wide roundup.

In Berlin alone several hundred Polish Jews were routed from their beds in early morning raids semi-officially explained as intended to forestall application of a new Polish law that might deprive thousands of Jews in Germany of Polish citizenship.

The German government estimated that 150,000 residents of Germany are Polish citizens. According to a Polish law coming into effect October 30 all these by that date must have their passports revalidated by Polish consulates.

DIXON MINISTER STATES HIS VIEWS ON RADICAL METHODIST FEDERATION

Rev. Howard P. Buxton Is Interviewed by Princeton Paper

Editor's Note: The following article is a reprint from the Bureau County Republican, Princeton newspaper, of October 27.

Rev. H. P. Buxton of Dixon, vice president of the Rock River branch of the Methodist Federation for Social Service, whose objective is the replacement of the present system of private ownership with common ownership, while here he was interviewed by a representative of the Republican. Rev. Buxton is pastor of the Methodist Episcopal church at Dixon.

The Methodist Federation for Social Service, not officially connected with the Methodist Episcopal church, was rebuked recently by the laymen's conference of the Rock River district for having taken a place on the official program of the church at the annual conference and for having devoted its session to an organization of the C. I. O. The C. I. O. speaker on the occasion was Van A. Bittner, close associate of John L. Lewis, who has been active in the steel and automobile controversies and who is an adherent of the principles of sit-down strikes.

Vice President of Federation
Rev. Buxton Monday stated he was elected vice president of the Methodist Federation for Social Service a year ago and that he is still holding the place. He said he was not a candidate for the position at the time of the election. He said he did not wish to imply that he would have rejected the offer if he had been consulted. He was present at the time when his name was read and he was elected. Rev. Buxton is familiar with the platform of the Federation and is personally acquainted with many of the ministers who are holding official or committee appointments. Speaking of his experience, he said: "I am very happy to have had the privilege through the years of being associated with men like we have in the Federation."

Rev. Buxton said he does not feel bound by any platform of the Methodist Federation for Social Service, of which he is vice president. On the contrary he holds he has ideas of his own as to measures that should be taken for correcting economic chaos in this country.

Statement by Rev. Buxton
In discussing the present situation, Dr. Buxton authorized the publication of the following statement prepared by him as expressive of his views:

"One of the objectives of the Federation so far as I am concerned is that of obtaining economic justice for everybody. Also the Federation is vitally interested in bringing about a better racial understanding as well as world peace.

"I hold the employers are entitled to a profit but this profit should be placed at that point where not only the employer but employee as well as the consuming public is benefitted—that is in the light of the needs of all three groups. I consider that profit should be on the basis of justice to the employer, the employee and the consuming public.

"I assume that, of course, any employer or any business will be conducted in the light of the highest moral and religious code and if business is conducted in that way, you will need no particular group nor any particular scheme to work it out for you. If it isn't done that way, it is unfortunate. I would say it is un-Christian. We should all live our lives and conduct our affairs in the light of the teachings of the New Testament.

"The only way I know we can proceed as a local group here is to sit in moral judgment in the light of facts that can be gained from information sheets from time to time."

The Profit System
Asked if in his judgment the profit system which embodies the private ownership of property, has broken down, Rev. Buxton said, "I would say the profit system is efficient only to that extent in which the different factors and groups in any given community are being well served. I would say the profit system has been partially successful, but might be much more so—much more so if it were conducted in the light of the highest ethical codes. I will accept any system, the profit system, capitalism, hook, line and sinker, if it is conducted in the light of the New Testament."

Rev. Buxton said he is familiar with the literature of the Methodist Federation for Social Service but that the only program he has is the one that he mentioned. "What they do in New York, I may endorse and I may not," he said. Rev. Buxton said he has at-

tended a number of the meetings of the Federation but that he has not been able to go as often as he would have liked. He requested that the introductory paragraphs of Federation pamphlets for Social Service circulated at the recent meeting of the annual conference be published as an expression of his opinion concerning the Rock River branch of the Federation. These paragraphs are as follows:

Statement of Federation
"The object of the Rock River branch of the Methodist Federation for Social Service is to raise before the church the social implications of the gospel of Jesus, to study human problems from the Christian point of view, to deepen the sense of social obligation within the churches of the Rock River Conference, and to promote the building of a new society in the spirit of Jesus Christ.

"It proposes to devote its full energies to the task of Christianizing the social order, to give itself to such social action as will tend to develop a society without class animosities and unjust privileges.

"It is grounded in the conviction that the Kingdom of God has both its personal and social aspects; that both the individual and society need regeneration; and that the Christian gospel is to be interpreted in the light of modern problems.

"It is committed to social change by education, discussion and democratic action, and is opposed to violence as a method."

Opposes Profit System
In another section of the pamphlet the purpose of the national organization is further explained as follows:

"The Federation is an organization which rejects the method of struggle for profit as the economic base for society and which seeks to replace it with social-economic planning under democratic control in order progressively to realize the Christian principle of service and the development of personality, such social change to be achieved by democratic means.

"All those who want to go in the general direction of the basic principles, or who realize that something is seriously wrong but are not quite sure what, and desire to discover what to do about it, are invited to join."

Something Wrong
The theory of the Methodist Federation for Social Service is that something is wrong in our public life—that the profit system or the private ownership of property has outlived the period of usefulness and that something should now be originated to take its place. The Federation holds that the profit system is competitive, that it places on people an obligation to complete against one another to maintain an existence. It holds the "profit motive" should be abandoned and that in its place a system should be set up which would guarantee economic equality for all and should be so operated that all people could depend upon a common source of supplies.

The platform of the Federation is contained in a series of 18 Crisis Leaflets, and with the platform is outlined the procedure for putting the recommendations of the Federation into effect.

Federation Platform
The first pronouncement says the profit system has broken down. It says the profit system "dumps produce in the ocean. It burns the coffee. It plows cotton under. It tells the farmers not to raise wheat. It lets fruit and vegetables rot on the ground." Under the profit system it adds: "The professions have reached the saturation point. College graduates are working as attendants in filling stations, clerks in stores, even street vendors. This is the system that taught your fathers to teach you that it is wicked to waste. The profit system put in Roosevelt to try the New Deal and we got the Blue Eagle, N. R. A., A. A. A., etc. Whether they work or not they spell official recognition that capitalism cannot run on its own power."

Another pronouncement says that the profit system means high prices, less culture and less education. It says it cannot give us the kind of life we need and want. The pronouncement asks "What better way of doing the work of the world is now available?" and answers its own question by saying it is to provide "a planned economy." It adds, "a planned economy measures all the needs of all the people according to our accepted standard of living and our cultural possibilities. We build three times the number of shoe factories we need and then shut them down and throw people out of work the way the profit system does. Because its purpose is to supply human needs instead of making money out of them, it becomes a social-economic plan. The profit system distributes the income of the country—it is the product of the people's labor—by making them fight each other for their share."

This is called competition, but sometimes it makes even workers fight each other at factory gates for the chance of a job. A planned economy proceeds by cooperation instead of by fighting. It distributes according to need and not for profit. Because it ties the people together in supplying each other's needs, it is social-economic planning."

Boosts Soviet Union
Continuing the platform of the Federation in Leaflet No. 9, it declares:

"The only country that has a complete social-economic plan is the Soviet union and they have no unemployment. This is not because their industry is expanding. We had plenty of unemployment when we were expanding. They got rid of it because they planned to get rid of it. Their plan provides for everybody to take part."

The same pronouncement declares "social-economic planning takes care of all the emergencies—unemployment, old age, sickness, maternity, accident, death—by universal insurance. It accurately measures the risks and distributes the burdens of meeting them among all the people."

No Work, No Eat
Another pronouncement declares that "social-economic planning will be instituted by taking over all property without compensation to the owners. The owners, the pronouncement says, will be given an opportunity to cooperate with the rest of us and gain the satisfaction of participating in a great creative enterprise."

Another pronouncement declares that any person who refuses to do the task assigned to him under a planned social-economic plan will be deprived of supplies. The platform declares that no opportunity will be given for one person to have an advantage over another in the distribution of property. It adds: "They don't do it that way in the one country that has big scale planning—the Soviet union. There the social-economic plan is the work of millions."

Another pronouncement declares that the Federation does not stand for government ownership of the property. It favors common ownership. The pronouncement declares that "economic undertakings cannot be managed by political parties." It says that property and the control of people's activities cannot be managed by government officials because government officials are politicians. It adds: "So freedom to vote for some politicians you don't know and can't control, is exchanged for freedom to participate actively in the management and to choose and change the executives."

"Social Workers" to Rule
Another pronouncement declares that the control under social-economic planning will be placed in the hands of committees appointed by the "social workers." These committees will plan the work for everyone and fix the amount of their support. Another pronouncement declares it will be a big task to put social economic planning into effect and to overthrow the profit system. It says it will encounter adverse laws, sheriffs, deputies, policemen and "judges who interpret laws and constitutions in terms of the property rights of the people they have grown up with."

It adds it will be a big job to overthrow the profit system and concludes, "But when we were Americans—pioneers and children of pioneers in a big land—afraid of a big job?"

Rev. Buxton's Views
Sections of the platform of the Methodist Federation for Social Service above printed were read over with Rev. Buxton. These had to do with the plan of action for putting the program into effect. They also included a statement that the Soviet union is the only country that has a complete social-economic plan. He was asked for his opinion on the Federation platform. Rev. Buxton declared that such views as expressed in the pronouncements are those of the Federation and are not his own views personally. He said that his views are expressed in the statement prepared by him, already mentioned. Asking if he had any intention of resigning from the Methodist Federation for Social Service, in view of their platform declared, he had no such intention. He declared he paid no attention to such things. They could express their views if they wanted to and as they have the right but for him-

self he had outlined what he thought the proper course to pursue in correcting the evils of the present economic system.

Son of Former Dixon Pastor to Speak at Presbyterian Church

Dr. Herrick B. Young, secretary of Missionary personnel of the Presbyterian Board of Foreign Missions, who served as a Presbyterian missionary at Teheran, Iran (Persia), is to be guest speaker for the annual Father and Son dinner at the Dixon Presbyterian church on Friday evening, Nov. 4. He is a son of a former Dixon pastor, Dr. J. Frank Young.

From 1925-1935, Dr. Young was a member of the faculty of Alborz college in Teheran, serving as professor of literature, librarian, and director of resident students. As chairman of the Near East Christian council, he had occasion to keep in close touch with changing conditions in Egypt, Palestine, Arabia, Syria, Turkey, Iran and Iraq.

Dr. Young was born in Marshfield Wis. After completing his undergraduate work at Indiana university, he was associated with The Associated Press in Indianapolis. During his first year in Iran, he covered the coronation of Reza Shah Pahlavi for American newspapers, and has been a frequent contributor to American and British magazines and newspapers on political, religious and social trends in the Near East, in Central Europe, and in Russia. During 1935-36, while holding a Harrison Fellowship at the University of Pennsylvania, he completed work for a Ph. D. degree. He is author of "Moslem Editors Say" and "Islam Awakens", as well as two English textbooks adopted for use in Iranian schools.

Donaldson P. T. A. to Hold Halloween Party This Evening

Halloween fun will feature this evening's meeting for members of the Donaldson Parent-Teacher association near Polo. Pupils of the school and their parents are invited to attend, and a prize will be awarded for the best masquerade costume.

Halloween games have been planned by Harold Unger, Mrs. Fred Folkers, Charles Bakener, and Mrs. Jack Folkers. Mrs. Otho Ports is chairman of the refreshment committee. The meeting is scheduled for 8 o'clock.

BIRTHDAY PARTY

Mrs. Dorothy Draper and Mrs. Fritz Heckman entertained with a Halloween party on Wednesday evening at the Heckman home, honoring the anniversaries of Mr. Heckman and Mrs. Russell Gatz of Polo. Tables were made up for card games, and afterward a birthday lunch was served.

INCREASE SHOWN IN STATE PAYROLL AND EMPLOYMENT

Chicago, Oct. 28—(AP)—Analysis of reports from 6,656 manufacturing and non-manufacturing enterprises in Illinois showed increases of 2.1 per cent in employment and 2 per cent in payrolls during September, Martin P. Durkin, director of the State Department of Labor, said today.

Considering the Chicago metropolitan area as a statistical unit, 4,379 reporting enterprises employing 380,387 workers showed increases of 2.5 and 2.6 per cent in employment and payrolls, respectively, during the month as compared with August.

Cities reporting increases in both employment and payrolls were: Bloomington, Danville, Decatur, East St. Louis, Freeport, Joliet, Peoria and Rock Island.

Cities reporting increased employment but decreased payrolls were: Alton, the LaSalle-Peru-Oglesby area, Moline, Quincy, Rockford, Springfield and the Sterling-Rock Falls area.

Decreased employment and increased payrolls were reported by Elgin and the "all other cities" group for which data is not tabulated separately. Aurora, Granite City, Belleville and the Kankakee-Bradley area reported decreases in both employment and payrolls.

ARAB EDIT

London, Oct. 28—(AP)—A Reuters (British News Agency) dispatch from Jerusalem said today that Arab leaders had forbidden Arab Christians to attend churches in the Holy Land. The dispatch said the Arab leaders charged that the American attitude in Palestine's racial strife was pro-Jewish.

Witches and Hobgoblins!

For the Halloween supper table, plan to serve Orange Hobgoblins like those in the picture. They'll make a surprise that your guests can swallow. And for the Halloween party later, you'll get the right atmosphere with a Frog Whistle (center in border at left above) or a Witch Whistle (center in border at right above). Nor is any party complete without a Witch Snapper (right in bottom border). Black Cat favors (upper left, upper right and lower left corners) belong in the scene, too.

Halloween witches are in training for the night of October 31st. Prepare to entertain them. Halloween is about the biggest party night in the year, so plan a spook party now.

Want a dessert with a goblin look? Then select something like this:

Hob Goblins (Makes 8)

Two packages orange flavored gelatin dessert, 1½ cups boiling water, ½ cup seedless raisins, 1 cup boiling water, 8 large oranges, whole cloves, 8 marshmallows.

Pour 1½ cups boiling water over raisins. Let stand for 15 minutes. Cool and drain. Set oranges on stem end and cut slice off tops.

With sharp knife cut around

at edge of white skin and remove as much pulp as possible. Scrape out remaining pulp and juice with spoon. Put through strainer and press out juice. Measure 3 cups. Dissolve gelatin in boiling water.

Add orange juice. Chill until it begins to thicken and add raisins.

Meanwhile notch tops of orange shells and make faces with white cats, bats and witches add to the Halloween fun. Try these inexpensive ones to begin with.

Bat Box Lanterns

Box lanterns are evolved from any discarded boxes around the house. Cut eyes, ears and wings, to

resemble a big black bat. Paste colored tissue behind the features and illuminate with candles or electric lights.

Witch Snapper

Make 6 inch cylinder of cardboard. Insert mottos, caps, and noise makers. Cover with orange crepe paper, tie the ends with spool wire, and stretch to form a ruffle. Cut hands of white paper and paste to wires that run through the snapper protruding at either end. Use either seal witch head or cut face from white paper, drawing features in black ink. The hat is made of black mat stock and pasted in place.

Witch Whistle

Paste with seals on the whistle and at one end wire on slashed crepe in the form of a broom.

ROOSEVELT SAYS WHITNEY CASE IS VERY HORRIFYING

Stock Exchange Interested In Preventing Any More Such Practices

Washington, Oct. 28—(AP)—President Roosevelt said today a securities commission report on the activities of Richard Whitney was very horrifying because it revealed practices which everyone was trying to prevent.

In response to press conference questions, the President said that all concerned, including the stock exchange, was interested in preventing the recurrence of any of the practices in the Whitney case.

Roosevelt said he understood that the SEC would make its report on the Whitney case in three sections, the first of which was made public today.

False Rumor

His discussion followed an SEC description of how a false rumor on the floor of the exchange finally led to exposure of the methods by which the now-imprisoned Wall street leader misappropriated customers' securities.

In its official report on the failure of Whitney's firm, the commission also disclosed for the first time that the former exchange president had negotiated in five months no less than 111 loans amounting to more than \$27,000,000 in a desperate attempt to stave off failure. Whitney is serving a prison term.

Information Led to Probe

The commission's report said information which led to an exchange committee to investigate Richard Whitney and Company originated with John B. Shethar, a

specialist in the stock of Greyhound Corporation.

Shethar had noted "distress selling" in Greyhound which he believed to have come from the Whitney firm.

"It is perhaps ironical," the report said, "that this clue which eventually led to Richard Whitney's expulsion from the exchange was without substantial foundation in fact."

Based on "Impression"

The report added that Shethar himself recognized his information about Whitney's connection with the distress selling was vague and based on his own "impression."

Of the \$27,361,500 borrowed by Whitney in the last five months of his financial career, the report said, \$25,222,500 was borrowed from eight commercial banks. By March 8, 1938, the date of the failure, all but \$1,632,500 had been repaid.

The remainder was borrowed from firms or individuals associated with the stock exchange. Of this amount, \$1,647,000 was still owed on March 8.

EYES No. 1 in an educational series.

The First "Eye" on Earth

The jellyfish had the first eye on earth. But it is not an eye as we think of eyes. It is just a cluster of light-sensitive cells—an "eye-spot" that cannot distinguish objects but only knows the difference between light and dark. No wonder the jellyfish just floats around; he can't see well enough to do anything else.

The human eye is the most intricate and complex organ in the entire human body—with a lens, retina, and literally millions of "seeing nerves". Human eyes deserve the greatest of care and a frequent examination to keep them in perfect seeing condition. His poor sight is undoubtedly a handicap to the jellyfish. But that's incidental. Humans are the ones that are really handicapped by nerve-racking, mind-dulling faulty vision.

CUSTOMS OFFICIALS SEARCH HOME OF U. S. COURT JUSTICE

New York, Oct. 28—(AP)—Customs officials maintained silence today on the contents of four valises taken from the Park Avenue apartment of Supreme Court Justice Edgar J. Lauer after a six-hour search for smuggled wearing apparel.

Affidavits sworn by Gordon H. Pike, customs agent, and by Rosa Weber former maid in the Lauer home, led to the search.

Joseph J. Delaney U. S. Attorney, said the articles sought—enumerated in the warrant as including dresses, hats, jeweled slippers, etc., were costly," he would not comment further.

Justice Lauer attributed the trouble to the "exaggerated and distorted story told by a discharged German maid who apparently wishes revenge for her discharge."

Albert N. Chaperau was arrested, charged with falsely representing himself as a Nicaraguan official in order to gain free entry of taxable merchandise.

Justice Lauer paid customs authorities \$10,400 on Sept. 17, 1937 in settlement of claims for failure to declare dutiable goods.

FANFARE

By DON DANIELSON

And tomorrow it's DeKalb! This is the tenth engagement between the Orange and Black and the Purple and White as members of the North Central conference. In those nine engagements Dixon won six and DeKalb won two. One game ended in a tie. Breaking this down, here are the facts:

1937—Conference title depended on the game. . . . Dixon punt blocked on its own 40. . . . Dixon finally recovered the ball. . . . started a powerful drive that ended in touchdown. . . . the winning play was a pass from Ankeny to Page and lateral to Salzman for the goal. . . . point bungled. . . . Red Ellis made run of 71 yards for another score. Final score: Dixon 18; DeKalb 0.

1936—Ground drenched after all night rain. . . . Oct. 31. . . . touchdowns by Ellis, Ankeny, McMillon and Lloyd Miller. Dixon 26; DeKalb 0.

1935—Nov. 9. . . . rain, snow, fog. . . . field like plowed ground. . . . touchdown by M. Rebeck. . . . after four penalties and long pass DeKalb scored. . . . kick blocked by Dick Boos and L. Schumm. Dixon 6; DeKalb 6.

1934—Nov. 3. . . . real battle. . . . sea of mud. . . . R. Underwood made both touchdowns. Dixon 12; DeKalb 0.

1933—Armistice Day. . . . there. . . . Underwood's pass to Bellows for first six points. . . . pass from Henry to Bellows for second touchdown. . . . L. Miller, freshman end of Dixon tackled DeKalb punter behind goal for safety. Dixon 13; DeKalb 0.

1932—Oct. 21. . . . here. . . . air tight game. . . . DeKalb scored in third quarter. . . . result of penalty on 1 yard line. . . . again in last minute of play. Dixon 0; DeKalb 12.

1931—McReynolds made five runs for over 50 yards each. . . . called back for a certain something, nobody knew about. . . . Wolfe blocked punt and fell on it for first touchdown. . . . DeKalb score in third quarter. . . . fell on fumble on 4 yard line. . . . took 'em four downs to make it. . . . then just barely. . . . pass, Daniels to Strong good for Dixon touchdown in last quarter. Dixon 12; DeKalb 6.

1930—Here. . . . Dixon made more first downs. . . . Nori (of DeKalb) passed on fourth down for 40 yards to touchdown in fourth quarter. . . . Nori intercepted a pass desperately thrown by Dixon for another six points. Dixon 0; DeKalb 13.

1929—Oct. 12. . . . there. . . . DeKalb aggressive in first half. . . . Dixon came through in third quarter. . . . McReynolds, frosh halfback, starred for Dixon. . . . he made 35 yards through left tackle in first play. . . . Daniels made touchdown on smash after long pass from Daniels to Cortright. . . . Teeter made point. Dixon 7; DeKalb 0.

This year the DeKalb team had 75 fellows out for football from a student body of 675 has four regulars from last year's squad and five lettermen available.

Tonight is that wind-up stag party for the players of the Dixon baseball club. The time is set for 7:30 and the place is the American Legion hall. All players are asked to turn in their suits.

DIXON FOOTBALL COACH IS FIFTH TO PICK SCORES

C. B. Lindell Has the Ball; It's First and Twenty to Goal

Dixon high school's football coach, C. B. Lindell, is presented today as the fifth guest pickin' picker of the season.

Twenty yards separate him from the goal of a 1,000 percentage and they are tough yards to gain. Mr. Lindell threatens this goal with a couple of spins and reserves. The reverses include the change of heart he had about Notre Dame and Northwestern-Minnesota.

The time out period is almost over, Mr. Lindell, and the water boys are leaving the field. The ball is coming to you on this play. There's the lineup, the snap of the ball, the shift and it's yours.

By B. C. LINDELL

DARTMOUTH-YALE: The best team in the East should start rolling again after a mild showing against Harvard last Saturday. Dartmouth 20; Yale 0.

FORDHAM-PITTSBURGH: The Panthers have been waiting for this chance—and there'll be no holding this year. The Perfect Team plays on to the national championship. Fordham 6; Pitt 20.

GONZAGA - WASHINGTON STATE: If the Congers intend to

win one, this should be it. Gonzaga 0; Washington State 6.

HARVARD-PRINCETON: The Tigers are on the way up. Put the Harvard boys down for their fifth straight loss. Harvard 7; Princeton 13.

HOLY CROSS-COLGATE: This one should be close, but Colgate's last two performances give them the edge. Holy Cross 0; Colgate 6.

ILLINOIS-MICHIGAN: The Illinois suffered last Saturday holding the Wildcats to two touchdowns, so there should be little doubt about this one. Illinois 0; Michigan 20.

INDIANA-WISCONSIN: Wisconsin's really powerful team should get back in stride again against the Hoosiers' punchless outfit. Indiana 0; Wisconsin 7.

IOWA-PURDUE: The struggling Iowa team, further weakened by last Saturday's injuries, should cause the Boilermakers little trouble. Iowa 0; Purdue 19.

MARQUETTE-IOWA STATE: Just a breeze for the Cyclones. Marquette 0; Iowa State 14.

NAVY-PENN: It looks like Penn—by a conversion! Pennsylvania 7; Navy 6.

First and Ten

NEBRASKA-MISSOURI: The brow-beaten Cornhuskers are going to finish on top here. Nebraska 14; Missouri 6.

N. Y. U.-OHIO STATE: Another track meet for the Buckeyes. Ohio State 28; N. Y. U. 0.

OREGON STATE-CALIFORNIA: The strongest team on the Coast against just another football team. California 14; Oregon State 7.

Stanford-U. C. L. A.: Toss for this one. How about Stanford 7; U. C. L. A. 6?

TEXAS-S. M. U.: They've all been kicking the Longhorns around, and there's no relief in sight. Southern Methodist 14; Texas 6.

Goal to Go

ALABAMA-KENTUCKY: Although in the same conference, the Wildcats are out of their class. Alabama 27; Kentucky 0.

CHICAGO-DE PAUW: Will the Maroons win one? I think so. Chicago 7; DePauw 0.

COLUMBIA-CORNELL: Unless Sid Luckman has another field day the Big Red team should have no trouble with this one. Cornell 20; Columbia 7.

MINNESOTA-NORTHWESTERN: Northwestern's homecoming may be damped by too many eager Gophers. A tough one. Minnesota 13; Northwestern 6.

ARMY-NOTRE DAME: Too many Irishmen on the same team. I'll stick to Notre Dame 9; Army 7.

When two coaches facing each other on the eve of a conference football game disagree, you have (as grandma says) "got something there." And that's the case here tomorrow.

Coach C. B. Lindell of the Dixon squad believes that DeKalb will reveal what it takes, and Coach Trees of the Barbs has said he'll be happy if his boys get a couple of first downs. When told of this remark, Coach Lindell said the happiness would be his if the rivals get only two. "Don't let 'em fool you," he commented, "they have always had a real team and last year we had a tough time trimming them 18 to 0."

A victory over DeKalb tomorrow would mean a great deal for the Lindellmen. If Dixon wins, the locals are assured of at least a tie for first place in the North Central conference.

According to Coach Trees, there will be 26 DeKalb players invading the local camp for the two games. The lightweight affair is scheduled to begin at 1 o'clock.

DeKalb reports a ship-shape crew, while the local pilots, Lindell and Winger, are somewhat worried over injuries in their ranks. Quick and Kelchner of the lightweights will probably be out of the game because of bad knees and Cradford has been ill the past week and hasn't been out for practice.

In the heavyweight battalion, old man Injury is also raising Cain. Pete Moore will be out of tomorrow's game on doctor's orders regarding a knee injury. Christos has been ill this week and Swan's hand has not recovered enough from the injury in the Belvidere game to permit him to get into the battle.

By and Large.

Aside from all this—everything appears to be rosy as the Lindellmen worked out last night practicing backfield plays and initiating new men into the probable lineups of the two games.

Coach Trees has been spending the week "trying to find a backfield" and practicing plays. "We are not very strong this year," the DeKalb mentor commented. But it may be a bear story and Dixon is not letting down any fences.

Reports of the weight of the Barbs shows an average weight in the line of 155 pounds as compared to 168 pounds in the Dixon line and in the backfield the DeKalb average is 144 as compared to 152 for Dixon.

The officials of tomorrow's game will be Whittier Benson, Burgett Davenport, An Powers of Mt. Morris. This is the second home game for the locals after trimming the Alumni last Friday afternoon in a hall-raiser with a score of 7 to 6. The only other game after Saturday will be the Armistice Day game here with Sterling.

Hockey Champs Prepare To End Campaign Visit

Champaign, Ill., Oct. 28.—(AP)—The world champion Chicago Blackhawks packed up today and prepared to break at their University of Illinois training quarters after a wild intrasquad game last night indicated Bill Stewart's team would be an improved national hockey league entry this winter.

Newcomers played a large part in a Blue team's 5 to 4 defeat of the Reds in the second intrasquad game.

The Hawks are scheduled to play the Cleveland barons of the International American League in Cleveland Saturday.

The Dixon-DeKalb football game, the tenth in the North Central conference, is set for tomorrow as the Barbs (pictured above) invade the local camp along the north shore of Rock river. The preliminary game is set to begin at 1:00 as the lightweight teams of the two schools meet. The main heavyweight battle will follow.

New York, Oct. 28.—(AP)—If the best defense is a sharp attack, there's no use wasting any words before moving into action against this week's football program.

Pitt-Fordham: The fourth chapter in the "Battle of Goose Eggs." Both have shown point getting strength this season but don't take that as any guarantee they'll be able to overcome the scoreless habit. Still, Pitt.

Army-Notre Dame: This corner ignores a strong hunch on the Cadets and casts the customary ballot for Notre Dame.

Northwestern-Minnesota: This really is becoming a prognosticator's nightmare. Even a slide rule wouldn't help in measuring these Big Ten titans. But a week's rest and the return to full time duty of Harold Van Every earns Minnesota the nod.

Tennessee-Louisiana State: You lays your money and you takes your choice. This is a teetering ballot for Tennessee.

Duke-North Carolina: On perhaps irrelevant and incompetent evidence, Duke.

Texas Christian-Baylor: Baylor's tie with Texas A. and M. may have been misleading, but Christian must be picked on the records.

California-Oregon State: California, there they go.

Columbia-Cornell: Cornell, but the Ithacans will need better anti aircraft guns than they had against Syracuse.

Harvard-Princeton: The Harvard have lost four straight but this looks like the spot for their coach, Orthologist Dick Harlow, to start singing.

Holy Cross-Colgate: In a state of complete bewilderment, Holy Cross.

New York University-Ohio State: A little sad music, professor, Ohio State.

Penn-Navy: Where has that coin been hiding? Penn.

Penn State-Syracuse: Maybe close but take Syracuse.

Yale-Dartmouth: Spot for an upset, but must string with Dartmouth.

Duquesne-Detroit: The Dukes should have a little luck coming their way. Duquesne.

Michigan-Illinois: That Yale scare should have done Michigan a lot of good. Michigan.

Wisconsin-Indiana: Wisconsin, after a struggle.

Purdue-Iowa: Purdue looks safe. Marquette-Iowa State: Iowa State's unbeaten record in serious jeopardy. Out of a hat, Iowa State.

Michigan State-Santa Clara: Santa's good, but doesn't look strong enough to break Santa Clara's winning streak.

Nebraska-Missouri: Waiting for somebody to start saving out on the limb for Missouri.

Oklahoma-Tulsa: Oklahoma, but the Sooners will be looking at a flock of passes all day.

Kentucky-Alabama: Should be Alabama all the way.

Vanderbilt-Georgia Tech: With utmost trepidation, Vanderbilt.

Texas A. and M.-Arkansas: One of the toughest of all. The Aggies.

Rice-Auburn: Rice has lost Ernie Lain temporarily. Therefore Auburn.

Texas-Southern Methodist: Picking S. M. U.

U. C. L. A.-Stanford: Looks like U. C. L. A.

Oregon-Southern California: Would be inclined to take Oregon.

Schooner Captain Is Camping on Doorstep Waiting for His Prize

Boston, Oct. 28.—(AP)—Ruddy-faced Captain Angus Walters in no conciliatory mood, made arrangements for the champion Bluenose to sail from Boston today while he figuratively camps on the race committee's door and waits for his \$3,000 prize money.

The Canadian skipper who successfully defended the international trophy against the challenge of the Gloucester schooner Gertrude L. Thebaud, stood firm against hints by the race directors he ought to compromise on finances.

Walters also was unhappy over the disappearance of the silver cup put up as a race trophy in 1920.

"That cup must be found—or else," fumed Captain Walters.

Champ Lewis to Put His Crown on Block

New Haven, Conn., Oct. 28.—(AP)—John Henry Lewis of Phoenix, Ariz., world's lightweight champion, will put his coveted crown, which he has not defended for two years, on the block tonight in a 15-rounder against Al Nelson Gainer, New Haven's persistent contender.

As the hour for the twice-postponed battle—the first title bout in the light heavy division between two Negroes—drew near betting circles made Lewis a 7 to 5 favorite to retain the championship he won three years ago from Bob Olin in St. Louis.

Lewis, announcing "I beat him once and can do it again" was given the slight edge because of the 12-round decision he won from Gainer in a non-title scrap in Pittsburgh in the summer of 1936.

Gainer, claiming he wouldn't take the fight if he wasn't sure of winning, contended he was in no fit condition for the Pittsburgh bout because he was forced to stuff himself in order to scale over 175 pounds as the contract demanded.

The promoters of the show predicted a crowd of between 6,000 and 7,000 and a gate of \$25,000 to \$30,000.

DISCOVERS 3 NEW PLANTS

Santa Fe, N. M., (AP)—Three plants previously unreported to science have been found in the proposed Big Bend National Park of Texas.

Ernest G. Marsh, Jr., of Austin, Tex., graduate of the University of Texas, is credited with discovering the plants. Two of them were named for Marsh by Paul Stanley, botanist and curator at Field Museum in Chicago.

The plants are described as a wild mallow similar to hollyhock; a wild nightshade and a plant that resembles a snapdragon.

The latest rear-view mirror works on the periscope system. The image is caught over the roof of the car instead of through the rear window. It is said that this arrangement gives the driver a wider range of vision.

except they've just completed a round trip across the continent. Thus, Southern California.

Skipping over the chalklines otherwise: Oklahoma A. and M. over Washburn; Chicago over DePauw; Drake over Grinnell; Washington University (St. Louis) over Centre; Washington State over Gonzaga; Idaho over Montana; Utah over Denver; Colorado over Wyoming.

NOTRE DAME AND ARMY TO MEET FOR 25th GAME

Many Old Grads Bought Tickets As Far Back As August

New York, Oct. 28.—(AP)—One of the most peculiar things about the football season is the annual game between Notre Dame and the Army, the 25th of which will be played tomorrow at Yankee Stadium before about 80,000 alumni of the two institutions.

The game is unique because of this outpouring of the old grads, most of whom bought their tickets back in August. Otherwise the contest is not particularly distinguished, because Notre Dame usually wins and national honors very seldom are in the balance.

The 80,000 alumni who scheme and scrap for the privilege of paying \$4.40 to see the game are not to be confused with the calmer type of alumnus who actually attended classes at one of the two institutions. The latter is comparatively rare and has become scattered all over the world, while the Notre Dame football alumni is concentrated right here in New York.

300,000 IN CITY.

There are estimated to be about 300,000 of them in the greater city, men who for years have suffered agonies every time Army threatened to score on their alma mater. Some of them have been loyal Notre Dame old grads ever since the days when Knute Rockne and Gus Dorais first came to the plains and forward passed the cadets into a state of collapse.

Naturally, they hold nothing but scorn for a great number of younger grads who grabbed a Notre Dame football diploma only about 13 or 14 years ago, when the "Four Horsemen" were bringing fame to the South Bend academy. The veteran Irish supporters refer caustically to the members of this group as "Ten-Year-Men."

Most Loyal Rooters.

At any rate, they are about the most loyal rooters in the country, and they might make it unsafe to even suggest in a crowded subway that Notre Dame might not have the greatest eleven in the land. They're willing and even anxious to swing a fist for the old school, though the years might have made them a trifle hazy about whether it is located on the Hudson or on the Platte.

Almost as strange as this rabid partisanship is the way West Point gets worked up about the game. The cadets, if anything, are hotter to lick Notre Dame than they are to beat their service rivals, the Navy.

Visitors to the point the last few days have been startled at the way the "future generals" carry on. Bed sheets bearing crisp commands like "Beat the Irish" hang from barracks windows, and there is something similar above every door.

A trailer theater brings movies to northwestern communities which lack motion picture houses of their own.

SPOKANE SETS RECORD.

Spokane, Oct. 28.—By drawing 208,400 fans during the past season, the Spokane club of the Western International League set a new all-time Class B attendance record.

U. . . . and pick (but won't bet on it) Texas Christian to settle the Southwest fuss by belting Baylor. . . . Wanta special? . . . Well, how's for underdog Arkansas to pass Texas A. & M. slightly dizzy? . . .

SAYS USE OF FUNDS TO SWAY VOTER IS NATIONAL SCANDAL

Washington, Oct. 28.—(AP)—Senator Holt (D-W. Va.) predicted today that complaints of WPA activities in the election campaign would lead congress to prohibit use of relief money for political purposes.

Holt, a critic of the WPA, charged that manipulation of relief funds to influence voters had become "a national scandal that should lead to some grand jury indictments."

He praised work of the Senate Campaign Expenditures Committee, which has investigated charges that the WPA was being used for the benefit of candidates. The committee has criticized relief officials in some cases.

"Certainly," Holt declared. "No one can say that Senator Sheppard, (D-Tex.), who is chairman of the committee, is not an administration supporter. And no one can say that the committee has been biased in any way in investigating these charges."

Sheppard's committee will meet again next Wednesday and Thursday to hear final reports on investigations in a half-dozen states. Sheppard said further information on charges of WPA political activity in Pennsylvania, North Dakota, Tennessee, Kentucky and New Jersey would be included, along with reports on other investigations in Ohio and Illinois.

RESUME TRIAL OF GERMANS CHARGED WITH SPY ACTIONS

New York, Oct. 28.—(AP)—The unfinished story of how two high officials of the German War Ministry in one breath praised President Roosevelt as "the greatest navy man in the world" and in the next broached a plot to open a Nazi propaganda salon in Washington was resumed in federal court today.

Mrs. Kate Moog Busch, testifying for the government against three alleged German spies on trial, said the scheme was proposed to her in 1937 by Lieut. Commander Udo von Bonin and Lieut. Commander Hermann Menzely, both attached to the espionage branch of the Reich war ministry.

Von Bonin and Menzely are fugitives from a federal indictment charging them with directing a plot to steal American military secrets.

Mrs. Busch, who has been under guard since the spy case broke last February with the arrest of Fraulein Johanna ("Jenni") Hoffmann, 26, Erich Glaser, 28, and Otto Hermann Voss, 38, said the German officials were interested in her because they had heard she had many friends in Washington.

"They said President Roosevelt was the greatest navy man in the world. They thought he was a great man," she said.

"They asked me what I thought of the idea of their making contacts in America. They thought I could assist them in making social contacts in Washington to explain their National Socialist ideas to senators, congressmen leading politicians and newspapermen."

"Did they discuss that you rent a villa in Washington to entertain these people?" she was asked.

"Yes, I was to be the hostess."

BIRTHDAY TODAY MEANS LITTLE TO CZECHOSLOVAKIA

Prague, Oct. 28.—(AP)—Czechoslovakia came today to her 20th birthday anniversary with little spirit or time for celebration. Instead, her efforts to cut her political and industrial life to the pattern of her new, diminished size continued without pause.

The Czechoslovak state, now dismembered by the Munich conference and reduced in wealth and power, came into existence on Oct. 28, 1918, when the national council took over the territory which had belonged to the Austro-Hungarian empire.

Premier General Jan Syrovky, the only anniversary speaker, told the nation not to "waste your time talking politics" but to work for construction.

He appealed in a dull, hesitant voice for the nation to dismiss any thought of revenge for events of the past month.

The government of autonomous Ruthenia issued a decree prohibiting all activity of political parties although not immediately dissolving them. Party property was ordered held for future determination of its use and all headquarters were closed.

FRENCH PREMIER BREAKS OFF WITH THE COMMUNISTS

Fire Breaks Out in Marseille Where Deladier Visits

Marseille, Oct. 28.—(AP)—Premier Edouard Daladier completed his break with the Communist party today and warned parliament that if it failed to approve reforms the government contemplated he would carry the issue direct to the voters.

At his request, the committee on general policy of his Radical Socialist party approved a resolution, to be submitted to the party congress Saturday, saying the Communist party "has excluded itself" from the people's front of Radical Socialists, Socialists and Communists.

(In Paris, meanwhile, a Foreign Office spokesman disclosed Germany and France were considering a declaration renouncing war between them, similar to the agreement signed by Adolf Hitler and Prime Minister Neville Chamberlain at Munich.)

(Presumably such a declaration would be incorporated in a French-German understanding forecast by Daladier in his keynote address to the party congress yesterday.)

The resolution approved by the party general policy committee proposed eventual recourse to an election if financial and economic reforms the government has in mind are not approved by parliament.

In its reference to Communists, the resolution said the Communist party had deserted the People's Front by voting against the government's demand for full powers and through "the hostile attitude of its leaders."

FIRE IN MARSEILLE

Marseille, Oct. 28.—(AP)—A huge fire broke out in the heart of Marseille today and spread to Hotel Noailles, where Premier Daladier, most cabinet members, and delegates to the radical-socialist party congress are staying.

The fire destroyed a big department store on Boulevard Canebiere and spread across the street to the hotel and adjoining buildings. It was accompanied by a number of gas explosions.

Twenty persons were reported injured. Daladier and other prominent guests were at the party congress hall, which was untouched.

WISCONSIN WIFE TO GET LIFE TERM FOR 2 POISONINGS

Madison, Wis., Oct. 28.—(AP)—Mrs. Florence Peters, confessed poisoner of two husbands, one of whom died, will be sentenced next week to a life term in the women's state prison at Taycheedah, Superior Judge Roy H. Proctor said today.

Judge Proctor yesterday received the 38-year old woman's plea of guilty to charges of murder and attempted murder, bringing to a climax a bizarre mystery that had been the subject of gossip for eight years in the nearby village of Waunakee, Mrs. Peters' home town.

She admitted she gave the poison to her first husband, Henry Kessenich, who died Sept. 9, 1930, and that she also tried to take the life of her second mate, John Peters, now convalescing from the effects of poisoning.

Held in the Dane county jail pending sentence, Mrs. Peters was reunited for a brief time today with 17-year-old Andrew Kessenich, eldest of her four children. She had a son and daughter by each of her two husbands. The youngest is 10 months old.

John Peters, who has a divorce action pending, meanwhile kept house for the other three children in the flat in Madison where Mrs. Peters was arrested a month ago with Elmer Johnson, 24-year-old farmhand, on a morals charge.

MEXICO BEGINS A DRIVE TO REGAIN ITS OIL MARKETS

Mexico City, Oct. 28.—(AP)—The Mexican government today began a drive to regain world oil markets and predicted an Italian order was the first of "large sales in that country and its colonies."

Azienda Generale Italiana Petroli of Rome contracted to buy several million dollars worth of oil, the government announced.

Representatives were named to promote sales also in the United States and Brazil. The delivery also was announced of the first 500 tons of a quantity of asphalt purchased by Costa Rica.

Oil has pressed the capacity of storage tanks since Mexico expropriated 17 American and British oil properties on March 18 in the interests of a program of socialization.

The oil companies controlled sea-going tankers and refused to transport oil from the expropriated wells, for which Mexico has not yet paid and over which litigation still is in progress.

President Cardenas at first said Mexico would sell oil only to the democratic nations, but later asserted refusal by the democracies to buy would force the nation to seek other markets.

A small quantity was sold to Japan, which paid with beans. A New York oil man, W. R. Davis, was reported to have agreed to peddle 10,000,000 barrels in the United States and Europe, partly for cash and partly for credits in Germany.

A government spokesman said the Italian firm presumably had or could get tankers for transporting the purchase.

Young Violin Artist Refuses to Join Guild

Los Gatos, Calif., Oct. 28.—(AP)—Because he refuses to join a musicians' guild at a cost of \$70, Yehudi Menuhin, American violin virtuoso, appeared likely today to lose a \$3,000 engagement with the Los Angeles philharmonic orchestra.

Declaring his "freedom as an artist" was at stake, the 21-year-old genius declined to join the American Guild of Musical Artists, a requisite before performing with the Philharmonic November 3 and 4.

Menuhin insisted it was not a question of paying the membership fee or his attitude toward organized labor that prompted the rebellion, but that as a free-lance artist, he could not see why he should be required to sign a paper saying he "authorizes Agma to be my exclusive agent."

30-Ounce Infants Make Gains in Efforts to Live

Chicago, Oct. 28.—(AP)—Two infants, born prematurely and weighing approximately 30 ounces each, clung to life today and even made slight gains.

Jean Carol Freckleton, who weighed 23 ounces at her birth Tuesday to Mrs. Jean Freckleton, 24, has gained six ounces. She was in an incubator at St. Bernard's hospital.

Mary Ann Ricinski, born Sunday to Mrs. Mary Ricinski, is an ounce heavier than Jean Carol.

Both infants have received blood transfusions. Jean Carol has received injections of glucose in a salt solution and Mary Ann was being fed minute quantities of milk through a tube.

GERMAN. ASSERTS PRESS FREEDOM HAS TWO VIEWS

Consul Speaks at New York Celebration of Sudeten Conquest

New York, Oct. 28.—(AP)—Dr. Hans Borchers, German consul general in New York, reiterated today he favored freedom of worship and freedom of the press, but pointed out there were "two sides" to the latter "problem."

Dr. Borchers, the first German official here to appear on a public platform since Germany annexed the Sudeten territory, spoke last night at a meeting in Yorkville, German-American neighborhood. The meeting was described as a memorial celebration "on the return of Sudeten Germany."

"Czech Problem an Example" "The Czechoslovak problem for 20 years after the war" was an example, Dr. Borchers declared, of the necessity of studying the free press question from both sides.

"Hardly anybody," he said, "was informed of the cosmopolitan character of the state which was called a model of democracy. When the problem of autonomy came up, people hardly knew these people were Germans. They thought the problem was one between Fascist Czechs and democratic Czechs, and only gradually in the last few months has the real character of the problem been made clear so that people now realize it was a problem between Czechs and Germans."

"In the face of examples of that sort, it is not understandable

that not only in totalitarian states but in democratic states as well people are asking whether the problem of the question of a free press has not two sides."

Freedom of Worship
On the matter of freedom of worship, Dr. Borchers emphasized "with all the earnestness of my official capacity" that Germany stands for freedom of worship. "If we enforce the expulsion of the Jews from the life of a nation," he said, "we do so because it is essential for us and it seems a remarkable coincidence that other European nations do likewise."

"It is a grotesque spectacle to witness that those who have kept silent for 20 years come now to the fore with their attacks on totalitarian states. A special group among them are Jewish intellectuals whose activities national socialism has sufficiently denounced."

the coffee dam, and a piece of steel pipe which he used, slipped. He lost his footing and fell backward off the tramway into deep water. Fortunately, he was near a section of piling and when he came up from the deep water he grasped one of the wooden piles and climbed back to the tramway unharmed other than by a sudden cold bath. After changing his water soaked clothing, he resumed his duties. Had he fallen into the coffee dam, he would probably have met his death by falling onto the bars of reinforcing steel which would doubtless have impaled his body.

Woman, 63, Given Right To Continue Exercise

Boston, Oct. 28.—(AP)—Sixty-three-year-old Mrs. Mary Sullivan had permission today to continue bag-punching as exercise to help her arthritis notwithstanding objections of her south Boston neighbors who didn't like the noise.

Major Peter Borre, a master appointed by Suffolk court to hear their objections, reported the noise "does not in fact constitute a disturbance or a nuisance."

"I am of the opinion," he wrote, "that the volume and the effect of the noise complained of was more or less illumined by imagination and peculiar sensitivity to the noise on the part of some of the witnesses."

Mrs. Sullivan, whose back-yard bag-punching was suggested by her amateur boxer son, said: "This is the greatest moment of my life."

GOP Congressmen Report Campaign Expenses

Washington, Oct. 28.—(AP)—Four Republican congressmen from Illinois yesterday reported to the clerk of the House their campaign expenditures and contributions.

Edwin M. Schaefer, Belleville Democrat, also made a report, listing expenditures of \$1,100 and no contributions.

Rep. Dirksen, Pekin, reported the largest expenditures, \$2,188, and contributions of \$1,038 from the Republican congressional committee. The other three candidates each reported \$500 contributions from the committee. Their expenditures were: Rep. Mason, Oglesby, \$965; Rep. Church, Evanston, \$761, and Rep. Allen, Galena, \$1,223.

Majority Leader Urges Support of Roosevelt

Decatur, Ill., Oct. 28.—(AP)—Election of candidates who would support President Roosevelt was urged by Rep. Sam Rayburn, (D-Tex.), majority leader of the House, in an address at a Democratic meeting last night.

The Federal government, Rayburn said, could not stop spending "until we undo some more of the damage done during the 12 years of Republican administration before President Roosevelt."

Rayburn said when President Roosevelt first took office in 1933 "everybody was sick of mind and business was sick financially. But within a few short years confidence has been restored and people have learned how to smile."

A variable speed governor has just been brought out. Merely turning a key on the dashboard, setting it at the desired rate, and removing the key sets the governor.

TACKLES IN GAME IN EVANSTON MAY HOLD THE RESULT

Expect Capacity Throng At Wildcats' Game With Minnesota

Chicago, Oct. 28.—(AP)—Upon the four young men who line up at opposing tackles may rest the winning or losing of a Western Conference championship for Northwestern or Minnesota Saturday.

Both the Wildcats and the Gophers, clashing in Dyche stadium before a 47,000 capacity throng, are powerful, driving teams. Both have relied in previous games upon that crushing basic play of a good running attack—smashes at tackle, either inside or outside.

Minnesota has been rated an edge in passing because of the pitching of Triple-Threat Hal Van Every, but the golden Gophers, are more noted for power plays.

Charley Schultz, 225 pounds, and Win Pederson, 210, are Bernie Bierman's regulars.

Wildcats Offense
The Northwestern offense, with driving backs in Jack Ryan and Bernie Jefferson, is keyed to hurtle power inside or outside a defensive tackle.

Ohio State's tackles came to Dyche Stadium rated as strong defensive players. In that scoreless tie, Northwestern shot 57 plays at tackle. On cross bucks, cutbacks, straight drives, spinners and reverses, Northwestern moved the Buckeye tackles and gained there a net total of 177 yards.

Against the Gopher sentinels will be Nick Cutlich, 205, and Bob Voigts, 195. They are smaller and faster. Voigts was consistently good against Ohio State's lungers and played the best game of his three years against Illinois. Cutlich was steady but not brilliant against Ohio State, and improved against the Illini.

Yesterday both teams took light drills, the Gophers planning another brief workout this morning before boarding a train for Milwaukee where they will spend the night. The Wildcats were sent through a defensive and offensive dummy scrimmage with new plays emphasized.

In Other Camps
In other Big Ten camps yesterday:

Indiana—Bob McMillin, at the end of a brief Hoosier drill, saw hope for an upset victory for his team in Madison.

Wisconsin—Harry Stuhldreher, smoothing offense, announced three sophomores would start for the Badgers against Indiana, two in the line.

Illinois—Bob Zuppke indicated in the final drill five sophomores would be in the Illini starting line against Michigan.

Michigan—Dave Strong, a transfer, who beat Michigan for Illinois in 1936 with a field goal, was moved to a regular varsity post for the game against his former school.

Purdue—The Boilermakers went through a light drill for the Iowa clash while eight regulars were bothered with minor injuries.

Iowa—A complete, regular backfield was expected to start against Purdue on the basis of the lineup Irl Tubbs used in a light workout.

Chicago—The Maroons looked weak defensively against De Pauw plays and Clark Shaughnessy again shifted his linemen.

Ohio State—A brief defensive drill preceded the Buckeyes' entrainment for their game with New York University in New York.

'GEORGE' KEEPS PLANES
London.—(AP)—The robot pilot "George" is said to be largely responsible for the smooth straight flying of the "Pickaback" plane "Mercury" on its recent flight to South Africa.

"George" is a compact mass of high tensile steel, swiftly spinning gyros, and finely balanced levers.

"He" is able to sense the slightest deviation from the course "his" human colleague has set, and corrects it instantly.

PAYROLL PADDING CHARGES INVOKE A SHARP ANSWER

Demo Campaign Manager Denies Claims Made by Prosecutor

Springfield, Ill., Oct. 28.—(AP)—An assistant federal prosecutor's claim that state highway patrols in Chicago were "padded with political employees" prior to last April's Illinois primary brought a sharply worded reply today from F. Lynden Smith, state director of Public Works and Buildings and Democratic campaign manager.

The payroll statement came from Warren Canaday, first assistant to U. S. Attorney Michael L. Igoe at Chicago. Canaday said he found records here showing partly federal salary payments to 450 state highway employees who had done "very little" highway work.

He announced he would lay his findings before Igoe to determine if a grand jury investigation is warranted.

Smith's Retort
When informed of Canaday's statement, Director Smith retorted:

"If he (Can-day) has anything he thinks a grand jury ought to know about he should take it before a grand jury instead of holding press conferences."

Smith again denied any federal money was involved in the highway payrolls in question. Smith directed the primary campaign for the Horner-supported ticket headed by Scott W. Lucas who defeated Igoe for the Democratic senatorial nomination.

Canaday said 70 of the 450 workers questioned admitted they did "no work at all" on the highways, and that about 300 others said they did "a little road work, but spent the rest of their time on politics."

Canaday's Charge
"All of the 450," said Canaday, "were put on the payroll March 21 and discharged April 13, the day after the primary."

AWAIT SELECTION OF ENTRANTS FOR HUSKING CONTEST

Today Was Last For the Staging of County Preliminaries

BY THE ASSOCIATED PRESS
Farmers of Illinois today awaited selection of entrants to the 15th annual state cornhusking championship contest at Modesto Monday as the last of the county husking events got underway.

Twelve of the state's best cornfield athletes will be selected for the championship contest, including last year's title-holder, William Rose, 31-year-old Henry county farmer. Also assured a place in the state meet was the county champion where the event was scheduled. The remaining 10 huskers will be county winners.

What was billed as the women's national championship event was scheduled today on the Godfrey Karlson farm north of Garden Prairie, but it only momentarily, side-tracked interest in the men's title match.

Today was the last day for staging county contests if huskers were seeking recognition for entry to the state meet. The Boone county event was being held in connection with the women's competition.

Mrs. Elizabeth Wurtz, Capron farm wife, last year husked 6.95 bushels of corn in 30 minutes to win from five other entrants in what was believed the first women's cornhusking contest in the state. There were 10 women scheduled to compete in today's event.

Three county contests were held yesterday (Thursday). In the Marshall-Putnam county event Clarence Endress of Wyoming husked 50.08 bushel to establish what was believed an unofficial world's record.

Endress had stiff competition in setting the high mark. Louis Ehnlé Jr., of Sparland husked 48.59 bushels for second place, while Ernest Rehn of Magnolia, 1937 county champion, put 47.50 bushels into the wagons for third place.

Endress' mark virtually assured him a place in the state contest, according to county contest officials. His mark could not be placed in the record books as official marks but must be set in either state or national contests. The official national record was made by Elmer Carlson of Audubon county, Iowa, who husked 41.52 bushels in the 1935 meet at Newton, Ind.

Judges said the high totals in the Marshall-Putnam contest undoubtedly was because the farmers were husking N. S. No. 44 hybrid seed corn, an unusually high type.

Ecus Vaughn, 22-year-old Monticello farm youth, won the Piatt county contest, with 37.82 bushels in the allowed 80 minutes. Lawrence Bowman of Deland was second with 33.6 bushels and Orville Frye of Mansfield third with 32.72 bushels.

On the Herman Miller farm south of Clarkdale, 1,500 persons saw Elwood Pearson of Taylorville capture the Christian county title with a mark of 24.61 bushels. Ed Stahr of Palmer was second with 23.07, and Cecil Myers of Stonington was third with 22.78.

Orville Stringfield of Dawson husked 32.17 bushels to win the Sangamon county title.

BIRTHDAY PARTY

Carol Adamson will celebrate her ninth birthday anniversary Saturday afternoon by entertaining nineteen friends at a party.

HALLOWEEN PARTIES

The Future Craftsman of America class of Oregon high school will sponsor an all-school hobo Halloween party in the gymnasium Saturday night. The hobo ten piece orchestra will furnish the music. Fines will be imposed on those not wearing old clothes in hobo style. Mary Lee Berk will be hostess to the fourteen members of the girls' sewing club at a Halloween party Saturday night.

Lola Lea Peterman will entertain twenty young friends at a Halloween party Saturday night.

HALLOWEEN PARTY

Oregon Junior Women's club is sponsoring a community Halloween masquerade party in the Coliseum Monday night, Oct. 31 at 7:30. This is for young and old with entertainment for everyone. Among organizations helping with the affair are the Altar and Rosary society, the Catholic Young People's society, Oregon Women's club, Boy Scouts, Girl Scouts, Junior Municipal Band, American Legion, Legion Auxiliary and the Junior Legion drum and bugle corps. There will be a free will peanut scramble for boys and girls with pecks of peanuts, under the supervision of Gerald M. Poley. There will be many prizes given for the best costumes in the following classes: Best woman, best costume of a foreign country, best impersonation of a Walt Disney character such as Mickey Mouse,

Snow White, etc., best impersonation of Shirley Temple, best boy pirate, best girl gypsy, best young couple, best old couple, most original costume (2 prizes, one for man and one for woman), best hobo, best ghost, best clown, small boy, best clown small girl, also large boy and large girl, best witch. Several mystery acts have been planned. F. R. Reichert and his band will lead the parade around the floor while the judges make their decision. Judges will be E. D. Lebovich, Ralph Leigh, Guy Bradbury and A. I. Maxwell. Gerald Fearer will be master of ceremonies. The best hobo will be crowned king of the tramps and presented a special prize from the stage. Donations are being received from business men and residents of the community to defray expenses. The Coliseum board is granting the use of the coliseum free.

OREGON BRIEFS

R. L. Kiest, principal of Oregon high school, attended a meeting of school men at Champaign Friday and spoke over the radio at 1:30. Misses Margaret Rippling, Elizabeth Sauer and Catherine Gecan accompanied him. The two former girls sang on the program, accompanied at the piano by Miss Gecan.

James Loan and sons, Mr. and Mrs. John Mertel, Dr. and Mrs. L. E. Schneider, John Connor, Mrs. August Sauer and Mrs. R. L. Sharick attended funeral services at Johnsburg, Ill., Tuesday for Rev. Father A. J. Vollman.

Mrs. August Sauer was hostess to her 500 card club, Thursday afternoon.

Mrs. George Carman is spending two weeks at the home of Mr. and Mrs. H. E. Carman.

Ashton News of the Day

REPUBLICAN RALLY.

A Republican rally will be held in the Mills and Petrie Memorial building this evening by Circuit Judge Leon Zick of Oregon as the main speaker and all of the Republican candidates plan to be present.

A musical program has been arranged by Ashton's precinct committeemen. Fred B. Wood and Nelson J. Kerton. The Ashton high school band led by Herman O'May will play and the Ashton Troubadours, a male quartet composed of Robert Rosecrans, Edgar D. Shippee, Robert Dean and Herbert Schuler, accompanied by Randall Jenkins at the piano, will sing.

County Chairman Henry C. Warner has also arranged for the popular East Grove Swing Trio to furnish music between speeches. The young men from East Grove are Donald Anderson, Howard Dewey and Dale Eichen, and they are much in demand with their popular music.

The public is cordially invited to attend this rally.

SUPERIOR SCHOOL RATING.

An announcement made by John A. Torrens, supt. of the Ashton public school on Wednesday noon is to the effect that our public school has been awarded a superior rating by the state department of public administration for the third consecutive year. This word was received from L. W. Miller, county superintendent of schools.

HALLOWEEN PARTY.

The local Lions club are sponsoring a Halloween party to be held next Monday evening at the gym. All school age boys and girls of Ashton and community are invited. The party will begin at 7:30 o'clock and a good time is in store for those who attend. All are to come in costume or mask as cash prizes will be given for the best masquerade. There will be various games and contests and lunch will be served.

O. E. S. MEETING.

Next Tuesday evening, Nov. 1, there will be a meeting of the Ashton chapter No. 573, Order of Eastern Star. Election of officers will be held and a good attendance is desired. Mrs. Stuart Plum and her committee will serve.

CHURCH NEWS.

Presbyterian Church. Rev. F. Louis Grafton, pastor. Sunday school—9:30 A. M. Morning worship—10:30 A. M. Prayer meeting—each Thursday evening at 7 o'clock.

Reynolds Evangelical Church.

Rev. George A. Walter, pastor. Sunday school—9:30 A. M. Morning worship—10:30 A. M. The temperance lesson should be an interesting study next Sunday in the Sunday school hour. No greater evil lurks on the horizon of our national life at present than the traffic in strong drink. Read up on the lesson.

Next Sunday we take the Loyalty offering for the Conference Missionary society. Envelopes have been mailed out to those who were not in the service last Sunday. Let us bring a sacrificial offering for this cause. Send your envelope with your contribution in it if you cannot be in the service next Sunday.

Our next quarterly meeting comes over the first Sunday in November. Communion will be conducted by the district superintendent.

Beginning at 4 P. M. Sunday afternoon the long-awaited Epworth League rally begins. Games, supper, missionary motion pictures, and a talk of genuine consequence by Mr. Dexheimer will constitute the program of the afternoon and evening.

Remember the dates of International Fellowship Week, Nov. 14-20. Ladies set aside the date of Nov. 15 and men count on the evening of Nov. 18.

Remember also that on the second and fourth Thursday evenings of each month henceforth there will be an inspirational mid-week service.

TOWN TOPICS.

Mr. and Mrs. George Warner who reside south of the Reynolds church are happy over the arrival of a baby son. The little fellow who arrived at the Rochelle hospital on Tuesday evening has been named Lytle Albert.

Mrs. Wesley J. Attig entertained at her home on Wednesday afternoon the members of the Bradford unit of the Home Bureau. The lesson study of the afternoon, "Audit Your Health Account," was presented by Mrs. Clarence Paddock. Miss Marion Symptom, the new Home Advisor of Amboy was present at this meeting. Mrs. Attig served lunch at the close of the afternoon.

TO OPEN STORE.

Rochelle's new furniture store, located in the John B. Hayes building, 426 Lincoln Highway, will hold its formal opening on Saturday of this week.

The new business house will be known as Sam's furniture store. The proprietors are Roy H. Sam of Rochelle, and his brother, Seymour W. Sam who conducts a large furniture store in Amboy. Roy has been at Alexandria, Minn., for several years where he conducted a furniture store.

Mr. and Mrs. Sam have rented an apartment in the Scoville residence on the south side.

BUSINESS CHANGES.

The Burke shoe store, 308 Lincoln highway, has changed ownership and has been in the hands of carpenters and decorators the past week. When completed it will be one of the finest and most modern shoe stores in this section.

A. A. Ackerson, one of the proprietors has been in Rochelle most of the time since acquiring the property, supervising the store improvement. Mr. Ackerson was born and raised in Princeton and is well and favorably known to a number of Rochelle people.

ANNOUNCE MARRIAGE.

Announcement is made of the marriage of Gerald Harms, son of Mr. and Mrs. Joe Harms, 1026 North Lincoln Highway, and Valda Files, daughter of Mr. and Mrs. Emory Eymann, of West Brooklyn. The ceremony was performed at the Lutheran parsonage by Rev. O. H. Linnemeier, at seven o'clock Saturday evening. Miss Helen Harms, sister of the groom, and Valda Files attended the couple.

The bride was attired in a gown of teal blue with dubonnet accessories. Miss Harms also wore a dress of teal blue with harmonizing accessories.

Following the ceremony the bridal party was entertained at a dinner at the home of the groom's grandmother, Mrs. Grace Harms of Kings.

Mr. and Mrs. Harms will reside in Rockford.

During her absence Miss Rowena Pfeiffer is assisting in the Reich confectionery store.

on a farm near Kings in the future.

SPRINGFIELD MARRIAGE.

Announcements have been received during the past week of the marriage of Miss Angelina Sacco, daughter of Mr. and Mrs. Guy Sacco, of Springfield, to Junior Paige Larson, son of Fred Larson of Rochelle.

The marriage took place at Springfield, October 16th. Mr. Larson is now stationed at Fort Sheridan where he is an enlisted man in the coast artillery.

Fred Bork, residing west of Rochelle, was brought to the Lincoln hospital Monday morning. Mr. Bork, who has run over by a team of horses, has a broken shoulder bone, numerous cuts and abrasions.

Mrs. Edward L. Valle has been appointed chairman for the distribution of Christmas seals.

NATION'S SUPPLY OF READY MONEY IS AT NEW HIGH

Washington, Oct. 28—(AP)—The nation's supply of ready cash stood at a new high today, while national income had climbed for the fourth consecutive month.

The commerce department's index of income payments to individuals rose from 82.5 per cent of the 1929 level in August to 83.3 per cent in September. The September index was 2.9 points above the low point for the year, but was 8 per cent below the 1937 peak.

Federal reserve experts estimated bank deposits and currency in circulation had reached the unprecedented total of \$57,700,000,000, including a near-record supply of idle funds that might be loaned to stimulate business.

About \$6,700,000,000 of the total was in currency and the rest in deposits. The lendable portion of deposits was estimated at \$3,280,000,000, compared with normal needs of \$500,000,000.

Deposits and currency have expanded by \$1,000,000,000 since June 30, largely due to the influx of foreign money seeking a haven from European war threats.

Officials made efforts to arrange a meeting today or tomorrow of the presidential committee which has been working on a program of large-scale expenditures by private utilities.

The committee has been trying to work out a project which would provide adequate power facilities in event of war and at the same time stimulate heavy industries.
